He is an international expert on Orchids, a veteran exhibitor at international Orchid Shows, is an accredited AOS Judge and is a former Vice President of The American Orchid Society. Norman is currently serving on the AOS Public Relations Committee. Exhibiting at shows across the US, he has received more than 400 AOS flower quality awards and 20 AOS Show Trophies. In addition to these AOS volunteer activities, he's a Founding Member and Regional Director of the International Phalaenopsis Alliance, currently celebrating its 25<sup>th</sup> year!

**OUR AOS ORCHID SHOW IN OCTOBER**

We are sponsoring the AOS orchid show on Saturday and Sunday, October 5<sup>th</sup> and 6<sup>th</sup>, at Gubler's Orchids in Landers, CA. Chris Gubler has invited us to sponsor and put this show on at the annual festival held in October at his Orchid growing houses in Landers. Chris is a generous donor to our annual auction fund raiser and has spoken to our group. This is one way we can give back. We share in the profits for the two days of the festival along with other non-profits in the area. This boils down to us working together to make this show a success.

We will need workers Friday afternoon to help set up the show, receive and label orchids that are brought in for entry, and if you are so inclined, to create a design for the show. The orchid flowers will be available for your design free of charge. You just come and choose the flowers you wish to use. Saturday morning, we will need help placing and labeling the orchid plants that are entered. Both Saturday and Sunday we need hosts and hostesses to be present during the show to welcome persons, and answer questions. This is a great time to push our organization and to let the world know we are alive and well.

We need all the blooming orchid plants that we can muster. Baby your plants now and get them ready to go to the show and win a possible AOS award. A show is not a show without orchids.

If you can help in any way please contact Ron Lang 3800 W. Wilson #85, Banning, CA 92220, or 951 663 5237 or [rflangx25@gmail.com](mailto:rflangx25@gmail.com).
