2. New Private Facebook page.

Good news: We have now set up a private Facebook page. Some of our members do not feel secure using Zoom. So, we will be doing our Zoom meetings as before, only now we will Livestream to the Facebook group. I will be sending out requests to join this group by email. If you do not see an email, please send request to Steve at swtrammell@msn.com. Note: only members will be allowed to join this group. This is because we are showing AOS member only webinars for our programs. Our society is a member of AOS. They have some great programs.

This Facebook page is named: **RSBCOS Private Group**

Note: We are also going to post the power point presentations of our Show-N-Tell so that our members can see what our members are growing. You will not want to miss out seeing what our members are growing.

New Record for Show-N-Tell Online Entries:

We set a record for orchid entries to be judged this month. We had 72 beautiful orchid entries submitted for judging in April. Be sure to have your entries to Steve Trammell by May 20 for judging, we thank all of you for your entries. Hopefully, we will soon be able to meet you and your orchids in person in the near future. We keep checking with the City of Colton and will let members know when we are able to schedule our meetings. Send your entries to Steve at swtrammell@msn.com or you could send a photo in a message to Steve's cell phone at 951-315-4814. Please be sure to indicate what category your Orchids should be entered. If you have several entries, please match up the Orchid name with the orchid picture.

Vendor of the Month:

Norman's Orchids

11039 Monte Vista Ave, Montclair, CA 91763

www.Orchids.com

Orchids.com is a natural outgrowth of one of today's most successful orchid nurseries: Norman's Orchids. Based in Montclair, California, Norman's Orchids is a family owned and operated orchid nursery that was founded in 1986.

Norman's Orchids has participated in numerous orchid shows throughout the United States and Canada. They have received trophies, medals and accolades for our displays and flowers. Our exhibit in the 16th World Orchid Conference 1999, that took place at Vancouver, British Columbia, earned more medals for Phalaenopsis [Moth Orchids] than any other exhibitor.

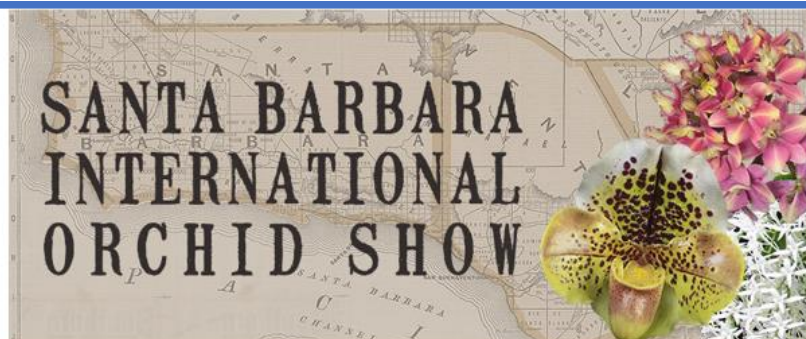

We are the leading producers of the Phalaenopsis, Cattleya, Paphiopedilum [Lady Slippers] and Oncidium alliance orchid plants. Unlike other merchandisers, we painstakingly grow the orchids ourselves.

We have had Norman Fang as a speaker in the past when we were meeting in person. He knows his Orchids and his talks have been very informational.

Norman is a member of our Society.

Please support the vendors that help our society.
